Met with Ms [REDACTED]. Pt reports not feeling well since her discharge. Pt is known to writer from previous admissions for COPD. Pt was last discharged from this hospital on 1/23/17. Pt is very itchy. Pt is waiting for some Benadryl, her Rn Annette is aware and is working on getting the medication for the Pt. Pt tearful, states "I'm tired". Provided emotional support. Pt's pulmonologist Dr Oneil recently retired and her pain clinic closed. Pt is concerned about how she is going to get her medications Pt appears overwhelmed by her situation. Writer provided Pt with lists of providers that accept her insurance for pulmonary and pain clinic follow up. JC x 6935
